

2018 Green Tier Legacy Community Annual Report

Vision Statement: The Sustainability Advisory Board of the City of Oshkosh was established in March 2009 and is given the mission to advise the City Manager and Common Council on sustainability issues affecting municipal operations and the community at large.

The City Council adopted a resolution to join the Green Tier Legacy Communities on March 28th, 2017. The Sustainability Advisory Board and staff assist the City in participating in the Green Tier Legacy Charter.

Build and Buy Green

- **WI Sea Grant Institute Green Infrastructure Audit:** City departments such as Engineering, Planning, and Economic Development continued work on an audit of Oshkosh ordinances and approached the SAB to assist with the project, which strives to make regulations more friendly to green infrastructure. Students from two UWO Environmental Studies seminar classes completed sections of the Audit and their work will help as staff continues towards completion of the Audit.
- **New Development:** The Oshkosh Corporation Global Headquarters made progress towards completion. Oshkosh Corporation was recently again named by Barron's as one of the 100 Most Sustainable Companies.

Transportation

- **Vehicle Idling Campaign:** The Sustainability Advisory Board worked with a group of UW-Oshkosh seniors on a project to reduce vehicle idling in the City. The board has since partnered with the Oshkosh Area School District to distribute a letter to parents informing them of the negatives associated with idling and strategies for reduction of idling.
- **Pedestrian and Bicycle Circulation Plan Update:** The City's Bicycle and Pedestrian Advisory Committee has worked on an update of the City's 2011 Pedestrian and Bicycle Circulation Plan to ensure that the plan remains relevant moving forward.
- **Electric Vehicle Charging Stations:** Festival Foods is one of the latest locations in the City to install EV charging stations on-site.

Land Use

- **Former Buckstaff Property:** Was redeveloped as the Menominee Nation Arena.
- **Lakeshore Municipal Golf Course:** A portion of the Lakeshore Municipal Golf Course

was purchased by Oshkosh Corporation for redevelopment as a global headquarters. Oshkosh Corporation will maintain its presence in the community. The City will redevelop the remainder of the golf course as parkland accessible to everyone.

- **Sawdust District Plan:** The City continues working on planning efforts to redevelop the remainder of the former Buckstaff site and area around the arena.
- **Housing Programs:** The City continues to offer 0% interest downpayment assistance and rehab loan programs using TIF money to invest in affordable housing projects.
- **CDBG Program:** Low and moderate income property owners can apply for funding to address high priority issues regarding their properties.

Energy

- **Residential Energy and Water Conservation Proposal:** The City has converted many City-owned streetlights to LEDs.
- **Community Energy Use:** The City has worked with utilities to calculate electric and natural gas consumption annually.

Water

- **Site Plan Reviews:** City Staff reviews every development proposal as part of the approval process to ensure that the proposal complies with the City's Stormwater Ordinance.
- **Permeable Surfaces:** Staff has had discussions with developers regarding the possibility of employing Grasspave or permeable pavers for some developments.
- **Waters, Wetlands, and Wildlife:** The City has replaced a number of concrete channels with creeks, wetlands, and swales. The City has encouraged swales for new developments.

Waste

- **UW-Oshkosh Biodigester:** The biodigester diverts some of the food waste from campus away from landfills to allow for recycling of food waste as fertilizer.

Healthy Community Planning

- **Quality of Life Analysis and Housing Condition Scoring System:** Several City departments have worked on a "Neighborhood Scorecard" which assesses the conditions of the blocks in the city according to key indicators. Data are captured and displayed on colorful maps which allow for decision makers and the general public to engage in dialogue about current conditions and which blocks of the city could benefit from investment. Staff updated this Quality of Life analysis during 2018.

- **Health in All Policies:** City staff met with staff from the Center on Wisconsin Strategy and the Population Health Institute to examine potential projects. Staff determined that projects within the areas of housing and transportation could lend themselves well to the application of a Health in All Policies (HiAP) approach. Staff attended HiAP training in March, 2018 in Oshkosh.
- **Sustainability Plan Update:** The SAB and staff have worked on the five-year update of the 2012 Oshkosh Sustainability Plan. The goal is to have the updated plan approved in 2019.

Max. Score	 Sustainability Strategies Scoresheet						    					
	This Sustainability Strategies Scoresheet is provided for members to track sustainability management strategies in transportation, energy, land use, water, waste, and health. This scoresheet is intended to be dynamic and will provide structure for annual reporting. In the spirit of continuous improvement toward superior environmental performance, suggested revisions to this scoresheet are always encouraged. (Approved May 2018)											
(Insert Community Name) Scores							2014	2015	2016	2017	2018	2019
TRANSPORTATION DEMAND MANAGEMENT:												
Transportation demand management strategies aim to reduce GHG emissions and VMT by influencing change in individual behavior. These strategies encourage walking, bicycling, and transit as modes of transportation within a community and seek to curb the number and length of trips by vehicle.												
<u>Bicycle and Pedestrian Programs/Projects</u>												
2	Require bike parking for all new non-residential and multifamily uses.						0	0	0	2	2	2
1	Set standards for placement and number (as function of intensity of use) for bike parking spaces.						0	0	0	1	1	1
3	Commuter bike routes identified and cleared.						0	0	0	0	0	0
10	League of American Bicyclists certification. (Bronze 5, Silver 7, Platinum 10)						0	0	0	0	0	0
3	Funded and operating SRTS program (or functional equivalent) covering at least 10 percent of students.						0	0	0	0	0	0
1	Conduct annual survey of students' mode of transport to school.						0	0	0	0	0	0
<u>Employer-Based Programs</u>												
5	Require large employers seeking rezoning to set a price signal (cash-out or charge).						0	0	0	0	0	0
5	Require large employers seeking rezoning to provide subsidized transit.						0	0	0	0	0	0
5	Require large employers seeking rezoning to provide a TDM plan that would reduce trips by 20 percent over business as usual.						0	0	0	0	0	0
<u>Traffic Volume</u>												
3	Track VMT or traffic counts and report on efforts at reduction (including those on this list).						0	0	0	3	3	3
3	Eliminate parking minimums from non-residential districts.						0	0	0	0	0	0
5	Set parking maximums at X per square feet for office and retail uses.						0	0	0	5	5	5
5	Scheduled transit service at basic level (hour peak service within half-mile of 50 percent of addresses).						0	0	0	5	5	5
10	Scheduled transit service at enhanced level (half-hour peak service within 75 percent of addresses).						0	0	0	10	10	10
TRANSPORTATION SYSTEM MANAGEMENT												
Transportation system management strategies aim to reduce GHG emissions and VMT by improving the overall performance of a transportation system. These strategies improve existing infrastructure, introduce new technology, and plan for the future of the system.												
<u>Preservation and Improvement</u>												
3	Develop and fully fund comprehensive maintenance program for existing roads.						0	0	0	3	3	3

Max. Score	 Sustainability Strategies Scoresheet GREEN TIER	    					
		5	Charge impact fees for new roads.	0	0	0	0
5	Calculate lane-miles per capita for arterials and collectors, and show reductions	0	0	0	0	0	0
5	Prepare a plan identifying disconnections in bike and pedestrian networks, prioritizing fixes and identifying potential funding sources for the most important projects.	0	0	0	5	5	5
5	Any proposal to add lanes to a two-lane roadway shall be evaluated for a center turn lane, the preferred option over an expansion to four lanes.	0	0	0	5	5	5
3	Identify four-lane roadways with fewer than 20,000 vehicles per day (AADT) and evaluate them for "road diets" with bike lanes or on-street parking	0	0	0	3	3	3
<u>Electric Vehicles</u>							
10	Electric vehicles in gov't fleets - 2% of of fleet=5 points, 5% of fleet=10 points.	0	0	0	0	0	0
2	Allow NEVs on appropriate roadways.	0	0	0	0	2	2
2	Provide public charging stations	0	0	0	0	2	2
<u>Vehicle Idling</u>							
5	Ban idling (more than 5 minutes) with local government vehicles.	0	0	0	0	2	2
5	Ban idling (more than 5 minutes) community-wide.	0	0	0	0	2	2
<u>ZONING AND DEVELOPMENT</u>							
Zoning and development strategies work toward improving the overall environmental, economic, and social health of a community by promoting mixed-use and infill development, walkable neighborhoods, and an overall sustainable lifestyle.							
<u>Infill Development</u>							
5	Identify priority areas for infill development, including those eligible for brownfields funding.	0	0	0	0	5	5
10	Create land bank to acquire and assemble priority infill sites	0	0	0	0	10	10
10	Develop an inventory of known contaminated properties for reuse planning, with possible GIS application	0	0	0	0	10	10
<u>Walkscore</u>							
5	Measure Walkscore at 10 random residential addresses per Census tract, compute average, and improve upon overall score	0	0	0	0	0	0
<u>Zoning</u>							
5	Adopt traditional neighborhood design ordinance (If population is less than 12,500)	0	0	0	5	5	5
5	Zoning for office and retail districts permits floor-area ratio > 1, on average.	0	0	0	0	0	0
5	Zoning for office and retail districts requires floor-area ratio > 1, on average.	0	0	0	0	0	0
5	Zoning code includes mixed use districts	0	0	0	5	5	5
5	Mixed-use language from Smart Code TBA.	0	0	0	0	0	0
<u>NATURAL RESOURCE MANAGEMENT</u>							

Max. Score	Sustainability Strategies Scoresheet						
	GREEN TIER						
							
Natural resource management strategies seek to conserve, preserve, protect and promote a community's greenspace, wildlife, wetlands and waterways for this and future generations by promoting pervious surfaces and adequate setbacks.							
<u>Canopy</u>							
3	Adopt tree preservation ordinance per GTLC standards	0	0	0	0	3	3
3	Set a tree canopy goal and develop a management plan to achieve it	0	0	0	0	3	3
4	Have a Master Naturalist; ISA Certified Arborist or WDNR Community Tree Management Institute (CTMI) graduate on staff	0	0	0	0	4	4
2	Have community tree canopy mapped - https://pg-cloud.com/Wisconsin/	0	0	0	0	2	2
2	Require trees to be planted in all new developments	0	0	0	0	2	2
2	Certification as Tree City USA	0	0	0	0	2	2
2	Certification as Bird City Wisconsin Community	0	0	0	0	2	2
<u>Vegetation Management</u>							
10	Public properties and rights of way mown or cleared only for safe sightlines and/or to remove invasive species.	0	0	0	0	10	10
10	Create community policy and BMP guidelines on minimizing chemical use during vegetation management of public and private properties	0	0	0	0	10	10
<u>Water Protection</u>							
6	Establish 75-foot natural vegetation zone by surface water.	0	0	0	0	3	3
6	Inventory wetlands and ensure no net annual loss.	0	0	0	0	0	0
<u>Community Energy Use</u>							
Community energy use strategies encourage energy efficiency and the use of renewable fuels to reduce total energy consumption throughout the community							
<u>Community Energy Use Policies</u>							
10	Adopt PACE ordinance/jpa	0	0	0	0	10	10
10	Use PACE financing	0	0	0	0	10	10
5	Watt meters available to the public	0	0	0	0	0	0
5	Offer residents and businesses a mechanism to purchase shares of the electricity generated through a local renewable energy project. (Ex. a community solar program)	0	0	0	0	0	0
5	Facilitate a group-buy program through which residents receive discounted, volume-based pricing on energy efficiency or renewable energy projects based on aggregated demand.	0	0	0	0	0	0
3	Commit to achieving a science-based, community-wide GHG reduction goal.	0	0	0	0	0	0
3	Adopt Residential Energy Conservation Ordinance (time-of-sale certification and upgrades).	0	0	0	0	0	0
<u>Measuring Community Energy Use</u>							
6	Work with local utilities to calculate total electricity and natural gas consumption annually, beginning with the fifth year before entering the program.	0	0	0	6	6	6

Max. Score	 Sustainability Strategies Scoresheet GREEN TIER	    					
5	Achieve milestone reductions in GHG emissions, as specified in the community's science-based GHG reduction goals.	0	0	0	0	0	0
5	State of Wisconsin Energy Independent (EI) Community designation.	0	0	0	0	0	0
MUNICIPAL ENERGY USE Municipal energy use strategies encourage municipal employees to conserve energy, preserve the environment, and decrease greenhouse gas emissions from municipal facilities, services, and vehicle fleets.							
Government Energy Use Policies							
5	Include transportation energy/emissions as criterion in RFPs for purchases of goods over \$10,000.	0	0	0	0	0	0
2	Develop list of lighting, HVAC and shell improvements to raise Energy Star Portfolio Manager or LEED EBO&M score	0	0	0	0	0	0
10	Reduce motor fuels use for non-transit activities --	0	0	0	0	0	0
6	Provide transit passes at 50 percent or more off the regular price and/or provide parking cash-out options for local government employees.	0	0	0	0	0	0
6	Streetlights operate at 75 lumens/Watt or higher	0	0	0	0	CHECK	CHECK
4	Stoplights are LED or functional equivalent	0	0	0	4	4	4
2	Establish a policy requiring that all major remodeling projects on municipal buildings result in the building receiving an ENERGY STAR score that is five points higher than the building's pre-remodel score.	0	0	0	0	0	0
6	Commit to achieving a science-based GHG reduction goal for emissions resulting from all municipal operations.	0	0	0	0	0	0
3	Incorporate energy use intensity (EUI) targets into the contracting process for all significant municipal construction projects.	0	0	0	0	0	0
5	Establish policies requiring that all new municipal buildings achieve an ENERGY STAR score of 75 or higher.	0	0	0	0	0	0
2	Municipal electricity purchases are at least 5 percentage points higher in renewable content than the statewide renewable portfolio standard requires. Calculation may include self-generated power and purchased offsets.	0	0	0	0	0	0
Measuring Government Energy Use							
2	Work with Energy Task Force OEI to track municipal facilities - Complete EPA Energy Star Portfolio Manager spreadsheet for government energy use. Or score existing buildings with LEED EBO&M.	0	0	0	0	0	0
3	Achieve milestone reductions in GHG emissions, as specified in the municipality's science-based GHG reduction goal.	0	0	0	0	0	0
4	Calculate annual government fleet use of motor fuels, in gallons of petroleum and biofuels, beginning with the fifth year before entering the program.	0	0	0	0	0	0
10	All new and renovated municipal buildings must meet LEED Silver or greater.	0	0	0	0	0	0
WATER USE CONSERVATION Water Conservation strategy options set baselines and goals for water and energy performance in municipalities. They measure progress and promote water conservation by the government, business, and the community at-large.							
Water Conservation							

Max. Score	 Sustainability Strategies Scoresheet GREEN TIER	    					
5	Track water and sewer use annually, beginning with fifth year before entering program, and develop plan for reductions.	0	0	0	0	0	0
1	Develop a water loss control plan with targets below the 15% required by the state and include a system-wide water audit implementation and time table	0	0	0	0	0	0
2	Join EPA's WaterSense Program for water utilities or the Groundwater Guardian Green Sites program and promote them to local business.	0	0	0	0	0	0
6	Use block rates and flat rates to encourage water conservation among residential, commercial, and industrial users.	0	0	0	0	6	6
3	Infiltration and inflow reduction by 10%	0	0	0	0	0	0
3	Plan for replacing all toilets using > 1.6 gpf and annual progress sufficient to reach 90 percent replacement in 10 years.	0	0	0	0	0	0
3?	Local Government Use						
2	Install waterless urinals in men's restrooms at municipal facilities (city hall, parks, etc.)	0	0	0	0	0	0
2	All outdoor watering by local government, excluding parks and golf courses, from rain collection.	0	0	0	0	0	0
2	Develop a water efficiency and conservation plan for municipal buildings	0	0	0	0	0	0
WATER AND WASTEWATER INFRASTRUCTURE MANAGEMENT Setting goals for the sustainable management of water and wastewater infrastructure reduces costs; saves energy; and ensures the protection of public health and the environment.							
5	Develop and implement asset management plans that set targets for the sustainable maintenance, operation and renewal of water and wastewater infrastructure.	0	0	0	0	0	0
5	Wastewater biogas captured and used in operations.	0	0	0	0	5	5
6	Conduct an energy assessment for municipal water and wastewater facilities and develop a plan to increase energy efficiency	0	0	0	6	6	6
3	Financial assistance for sewer lateral replacements.	0	0	0	1	1	1
4	Set goals for increasing the recovery of resources from wastewater for energy generation (heat or electricity) and fertilizer.	0	0	0	0	4	4
4	Explore partnership options with high-strength waste.	0	0	0	2	4	4
4	Upgrade water and wastewater utility equipment (e.g., variable frequency drive motors) to achieve energy efficiency based on total life cycle, triple bottom line costs (e.g. maintenance and replacement strategies in asset management plans).	0	0	0	0	0	0
STORMWATER MANAGEMENT Stormwater Management strategy options encourage the use of best management practices to achieve a reduction in the amount of harmful pollutants introduced to our streams, rivers, and lakes.							
3	Develop a regular street sweeping program to reduce total suspended solids	0	0	0	3	3	3
4	Stormwater utility fees offer credits for best management practices such as rain barrels, rain gardens, and pervious paving	0	0	0	4	4	4
3	Inventory all paved surfaces (e.g., by GIS mapping), and develop a plan for reduction	0	0	0	3	3	3
5	Work with commercial or light industrial businesses to develop stormwater pollution plans	0	0	0	5	5	5
WATER AND DEVELOPMENT Water and Development strategy options link water conservation and the preservation of land, wetlands, and wildlife habitat while promoting compact development, restoration and rehabilitation efforts, and long-term planning.							

Max. Score	 Sustainability Strategies Scoresheet	    					
	Land Development						
3	Identify key green infrastructure areas during plan development and/or implement a plan to acquire and protect key green infrastructure areas	0	0	0	0	0	0
	Waters, Wetlands, and Wildlife						
3	Replace concrete channels with re-meandered and naturalized creeks, wetlands, or swales	0	0	0	3	3	3
4	Develop a system for identifying culverts that obstruct fish migration and install fish friendly culverts where needed	0	0	0	0	0	0
4	Provide incentives for protection of green infrastructure, sensitive areas, important wildlife habitat, or for the restoration or rehabilitation of wetlands or other degraded habitats such as credit towards open space or set-aside requirements	0	0	0	0	4	4
	WASTE MANAGEMENT AND REDUCTION Waste Management and Reduction strategy options encourage municipalities and their citizens to divert organics and recyclables from landfills and properly dispose of hazardous materials in an effort to reduce waste in a community.						
8	Community waste stream monitored at least annually . Waste reduction plan prepared and updated annually	0	0	0	0	0	0
8	Waste and materials management plan based on "zero-waste" principles, with specific goals, prepared and updated annually	0	0	0	0	0	0
3	Construction/deconstruction waste recycling ordinance	0	0	0	0	0	0
5	Mandatory residential curbside recycling pickup that covers paper, metal cans, glass and plastic bottles	0	0	0	5	5	5
5	Develop a municipal collection program that encourages the diversion of food discards, yard materials, and other organics from landfills to composting or anaerobic digestion with energy recovery	0	0	0	5	5	5
6	Develop and promote programs that dispose of household hazardous, medical, and electronic waste	0	0	0	6	6	6
7	Use anaerobic digesters to process organic waste and produce energy	0	0	0	7	7	7
5	Implement municipal ordinances requiring manufacturer takeback for fluorescent bulbs, thermostats and other mercury-containing devices	0	0	0	0	0	0
4	Ordinances in place to reduce the usage of phone books as well as single-use shopping bags, styrofoam food containers and other disposable items	0	0	0	0	0	0
4	Pay-as-you-throw system implemented by municipality or required of private waste haulers	0	0	0	4	4	4
3	Use public education and outreach to promote recycling, backyard composting, product re-use and waste reduction	0	0	0	3	3	3
	HEALTHY COMMUNITY PLANNING Policies and projects related to incorporating health living into community design- whether by built form, programs, education, etc. in an effort to reduce trends in poor nutrition, inactive lifestyles, chronic diseases, such as obesity and heart disease, and other negative health risk factors.						
	Policies Affecting Multiple Program Areas						
7	Adopt a resolution that promotes Health in All Policies at the community level (e.g., HEAL Resolution). Include that educational campaigns supporting a program covered by the resolution are appropriately targeted to all of the populations addressed by the program	0	0	0	0	7	7

Max. Score	 Sustainability Strategies Scoresheet GREEN TIER	    					
8	Establish a Health Impact Assessments policy, including when an assessment is required and its scope	0	0	0	0	8	8
Planning							
7	Add health policies in 1 or more of the community's plans, including the comprehensive plan, long-range transportation plan, bicycle/pedestrian plan and open spaces recreation plan (embedded or stand-alone chapter) or develop a comprehensive, community wide wellness plan.	0	0	0	0	7	7
6	Site schools in the Comprehensive Plan for accessibility with existing or new bicycle and pedestrian infrastructure	0	0	0	0	0	0
8	Encourage the formation and/or support of Neighborhood Improvement Districts (NIDs), Neighborhood Development Corporations, or other similar types of neighborhood reinvestment and enhancement strategies in plans or policies.	0	0	0	0	8	8
Healthy Food Access							
7	Implement strategies (urban agriculture, community gardens on public land, diversified farmer's markets, expanded traditional retail food options, ordinances to allow urban chickens and beekeeping and vegetable gardening in rights of way) that help increase fresh food access in the community, in particular in areas with food insecurity (e.g., "food deserts" and "food swamps"), including access by EBT and WIC participants.	0	0	0	7	7	7
6	Create a Food Systems Plan that addresses the production, distribution, value-added, marketing, end-market, and disposal of food, and charge a new or existing governmental body to oversee the plan's implementation.	0	0	0	0	0	0
Physical Activity and Access							
5	Provide an on-street and/or off-street trail network connecting recreational areas in the community (e.g. safe routes to parks) and other trip generators, such as shopping malls, ensuring all neighborhoods are included in planning and implementation.	0	0	0	5	5	5
4	Encourage pedestrian and bicycle site connections from front door of businesses or apartments to a public sidewalk and/or bike lane ensuring connections to all neighborhoods.	0	0	0	4	4	4
4	Provide education and establish programming to encourage physical activity, especially by youth.	0	0	0	0	0	0
7	Establish an expanded public transit that serves commuters from all neighborhoods and major parks and recreation facilities, and has racks on vehicles for carrying bicycles.	0	0	0	7	7	7
5	Require sidewalks in new residential areas and establish a policy for adding sidewalks, as appropriate, in areas built out without sidewalks.	0	0	0	5	5	5
2	Implement a Complete Streets policy.	0	0	0	2	2	2
5	Provide recreation programs for youth, adults, senior citizens and disabled persons.	0	0	0	5	5	5
5	Establish a pedestrian safety task force.	0	0	0	5	5	5
Housing							
6	Adopt ordinances and programs to maintain a healthy housing stock (code enforcement, landlord licenses, volunteer program, truth-in housing disclosure before sale, etc.).	0	0	0	0	6	6
5	Allow life cycle or adaptable housing options, such as "aging in place", accessory dwelling units, Universal or Inclusive Design, Dementia Friendly Communities, Age-Friendly Communities, etc.	0	0	0	0	5	5
8	Establish a program to make housing more affordable.	0	0	0	0	8	8

Max. Score	 Sustainability Strategies Scoresheet GREEN TIER	    					
		0	0	0	0	0	0
5	Establish a program to address chronic homelessness, such as "permanent housing".	0	0	0	0	0	0
	<u>Crime Prevention and Other Harm Reduction</u>						
4	Use by policy, ordinance or practice, Crime Prevention Through Environmental Design and active threat planning to make public spaces, such as recreational space, crime free.	0	0	0	4	4	4
5	Establish and implement Harm Reduction strategies for alcohol outlet density and sexual oriented establishments (e.g. zoning limitations)	0	0	0	5	5	5
5	Adopt an ordinance or policy that requires tobacco-free and e-cigarette free apartments or places limitations on such structures.	0	0	0	0	5	5
6	Adopt an ordinance or policy that promotes tobacco-free and e-cigarette free parks and/or public events on local government-owned property.	0	0	0	0	6	6
	<u>Climate Change</u>						
5	Create and implement a climate change action plan that includes a carbon footprint study, and health related components on reducing air pollution from combustion of fossil fuels and responding to heat episodes and flooding, focusing in particular on most vulnerable populations.	0	0	0	0	0	0
	<u>Noise</u>						
5	Adopt an ordinance, including conditional use permits, on noise abatement for various zoning districts.	0	0	0	5	5	5
	<u>Employee Health</u>						
5	Implement a wellness program for employees of the local jurisdiction.	0	0	0	5	5	5
5	Encourage or partner with others, such as the Chamber of Commerce, etc., to advance workplace wellness programs within the community.	0	0	0	5	5	5
	<u>Placemaking</u>						
5	Support placemaking at varying scale (neighborhood to major city facility) and permanence (temporary to permanent) through programming, financial support and removal of regulatory barriers to promote healthy living and social capital in the community.	0	0	0	5	5	5
5	Adopt form-based codes or similar type design guidelines for healthy active living environments.	0	0	0	5	5	5
	<u>Waste Pharmaceuticals</u>
